NEW ROAD LAW.

Recent Legislature Made Quite A Change From Old Law.

The last legislature passed a road law which makes radical changes in the old law.

All farms bounded by the roads are to pay their share of the cost of improvement. These payments are to be made on a basis of valuation for the lands. Farms within a mile of the road are to be assessed at 100 per cent of their worth. Those one mile away are to be assessed at 75 per cent and those two miles away at 50 per cent.

The several county courts are to be permitted to establish road districts which must not be larger than their school districts and may employ an engineer to draw up plans and specifications.

Three commissioners are to be elected—though pending an election they are to be appointed by the county court—to have charge of the new road districts. All plans for new roads are to be submitted to the land owners of affected district and one vote is to be permitted to be cast for each acre owned by the man casting the ballot. A majority is to rule, and whenever a plan is voted down it must not be re-submitted for two years.

Payments are to be made either spot cash or spread over a term of years, whichever plan the voters may decide upon at their election. Where the payments are to be deferred twenty years if need be, under the new bill counties may issue bonds, secured by the property in the new road districts. Paid taxes are to be payable only in money.

Noted Correspondent and Traveler.

For newspapers of the United States are able to come in the services of no brilliant a corps of correspondents as that of THE RECORD-HERALD. The choice of a Washington correspondent is indicative of THE RECORD-HERALD's policy of obtaining the best there is to be had. Walter Wellman, the well known author on political subjects and one of the most writers of the day acts in that capacity.

Mr. Wellman was born in Mentor, Ohio, Nov. 3, 1838. At the age of 11 he began his newspaper experience, establishing at that age a weekly paper in the little town of Sutton, N.H. In 1848 he returned to Ohio, and a year later established the Cincinnati Evening Post. In 1851 he became the Washington correspondent of the Chicago Herald, and in 1852 he visited Central America and the West Indies and located the landing place of Columbus on Watling's (San Salvador) Island, and marked the spot with a huge stone monument. Mr. Wellman's dashes for the north pole are well known. In 1854 he made the first of his two arctic voyages of exploration, reaching the latitude of 81° degrees northeast of Spitzbergen. In 1858 he returned to the north, penetrated to Franz Josef Land, returning again to this country in 1859. On each trip he met with wonderful success in the discovery of new islands and lands, and brought back with him scientific data and information of great value to the American Geographical Society.

Mr. Wellman has been a voluminous writer for scientific magazines and popular periodicals. On returning from his arctic trips he renewed his connection with THE RECORD-HERALD, and is now the Washington correspondent of that paper. His incisive discussion of contemporary affairs has given him a high place in the regard of statesmen and scientists of the day.

Tired out, worn out woman cannot sleep, eat or work; seems as if she would fly to pieces. Hollister's Rocky Mountain Tea makes strong nerves and rich blood. 35 cents, Tea or Tablets. J. K. Schooler.

A daily paper for \$1.00 a year is something the public has long desired. The Chicago Daily Review, a delightful family daily giving all important news, market reports and many interesting departments for men, woman and children sent to subscribers for \$1 a year, 75 cents for 6 months, 50 cents for 3 months. Subscribe today, address, The Chicago Review Co., 300 Cass Co. Building, Chicago, Illinois.

Stock Cleared.

Plants, Plants.

I have a variety of fine Plants consisting of cabbage, Tomatoes and also Sweet Potato plants in season. The varieties are the best and prices cheap as any. Deeply, M. M. Burkett, $\frac{1}{4}$ mile south and $\frac{1}{2}$ mile East.

DRIFTING TOWARDS

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N.Y., writes:

"About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of these symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Two Sizes, 50 Cents and \$1.00.
